OT bags = 5 per box, Double layer with ring= 35/box, Double layer with flange= 25/box (usually) **LAST UPDATE 10/26/09**

*Box quantities may vary due to micron and box size. Quantities above based on 20x20x20 boxes. Actual weight is usually approximately 30 lbs, dimensional weight = 42 lbs.

*If ordering P2F bags in increments of 50, we can package 25 qty in a 20x11x20 half box which may save you \$ on freight costs
